

Diagram illustrating the cleaning process of a pipe with a rotating brush and water discharge:

- CEPILLO ROTATIVO (Rotating Brush)
- LAVADO CON DESCARGA DE AGUA (Cleaning with Water Discharge)
- FUNDA DEL EJE (Shaft Sleeve)
- DEPÓSITO (Deposit)
- TUBO (Pipe)
- CENTRO DEL EJE (Center of Shaft)

The collage consists of five photographs showing the cleaning process in various stages and settings. Top left: A worker in a white shirt and cap is cleaning a large circular grate. Top right: A worker in a light blue shirt is cleaning a large circular grate. Middle left: A worker in a blue shirt is cleaning a large circular grate. Middle right: A worker in a dark blue shirt is cleaning a large circular grate. Bottom: A worker in a light blue shirt is cleaning a large circular grate.
